SUBJECT : LIST OF ALTERNATIVE PREFABRICATED/
DEMOUNTABLE AND CONVENTIONAL/NON-
DEMOUNTABLE TYPE SCHOOL BUILDING
PLANS/DESIGNS APPROVED/ACCREDITED
FOR THE IMPLEMENTATION OF DECS
SCHOOL BUILDING PROGRAM

Attached for the information and guidance of all the Regional and District Offices of this Department is the list of alternative Prefabricated/Demountable and Conventional/Non-Conventional Type School Building plans/designs endorsed by the Department of Education Culture and Sports (DECS) and approved/accredited by the Bureau of Design (BOD), DPWH, for the DECS School Building Program being implemented by this Department.

Under this program, the plan/design that each fabricator/manufacturer carry may be accepted as a substitute for the standard DPWH plan/design for Prefabricated/Demountable and Conventional/Non-Demountable Type of School Building as the case may be. It is, however, emphasized that the standard DPWH plans/designs should remain the basis for bidding.

The acceptance of the alternative plans/designs shall be subject to the following conditions :

1. Only those plans/designs that have been previously endorsed by DECS and approved by the BOD, DPWH, and whose manufacturers or fabricators have been accredited by the DPWH by being included in the attached list, may be used; and
2. The price of the substitute school building unit(s) shall not exceed the price of the standard DPWH school building unit.

The attached list of the approved/accredited plans indicates the corresponding names of the fabricators/manufacturers and their addresses and telephone numbers. Since the original plans remain in the possession of the accredited fabricators/manufacturers, copies of said plans may be obtained from them. Also attached is the list of approved Standard DPWH Plans for use as basis for bidding.

For compliance.

GREGORIO R. VIGILAR
Secretary

**LIST OF PRE-FABRICATED/DEMOUNTABLE AND CONVENTIONAL/ NON-
DEMOUNTABLE TYPE SCHOOL BUILDINGS**
