

# PROJECT BRIEFER

## NLEX-CAVITEX Port Expressway Link

As of March 25 2025

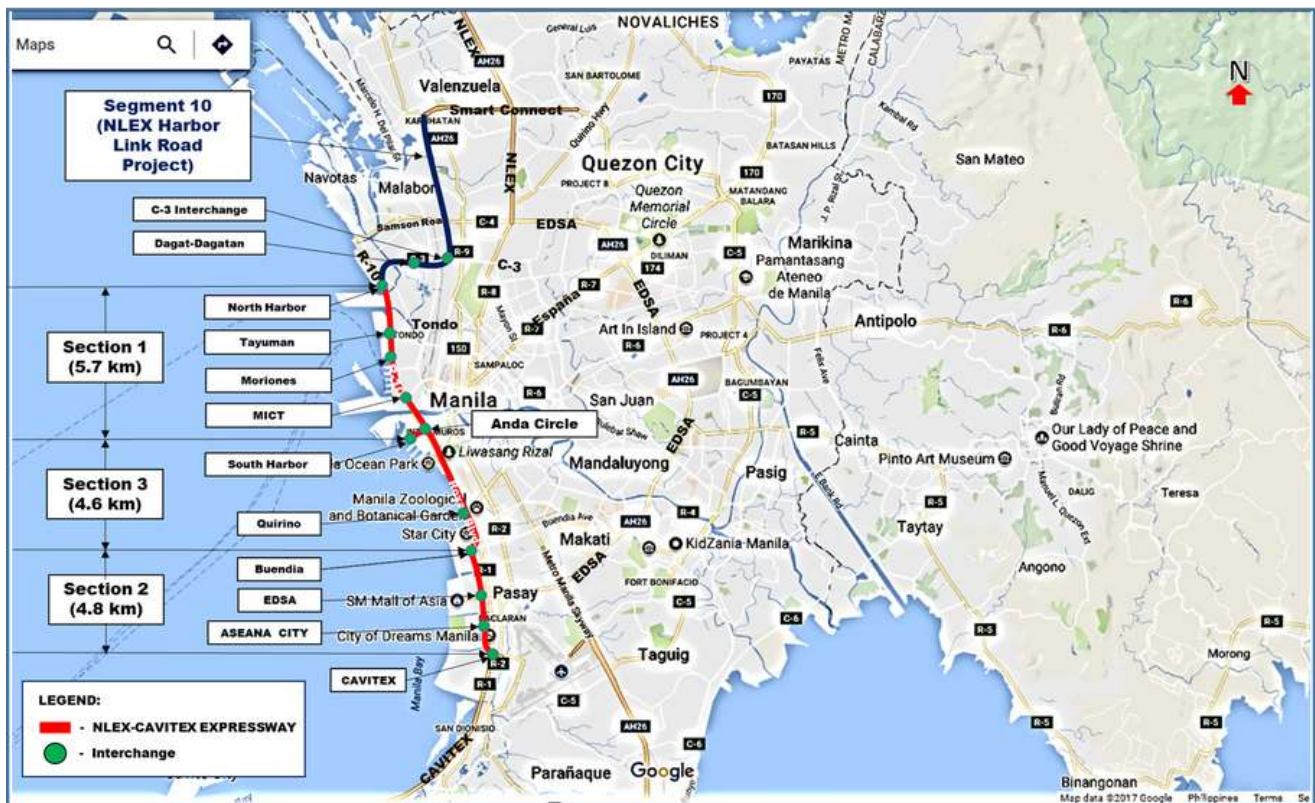

### PROJECT DESCRIPTION:

The proposed NLEX-CAVITEX Port Expressway Link is an unsolicited project with a 15-kilometer expressway, six (6)-lanes (2x3 configuration) combined elevated and tunnel expressway from NLEX Segment 10 up to CAVITEX which will provide an ideal truck route directly linked to Manila Port Area.

Project Sections		Length (km)
1	C3 Road to Anda Circle	5.7
2	Connection from CAVITEX to Buendia Avenue	4.8
3	Buendia Avenue to Anda Circle	4.6

### PROJECT ALIGNMENT:

### PROJECT OBJECTIVES:

- Alleviate traffic congestion in Metro Manila and further propel economic growth
- Reduce truck traffic within its limited capacity road network and significantly contribute in the decongestion of the metropolis 24 hours a day
- Further increase on commercial activity that will boost economic growth

### CONCESSIONAIRE:

NLEX Corporation (formerly MNTC) and Cavite Infrastructure Corporation (CIC)

### ESTIMATED PROJECT COST:

Php 92.0 Billion

### PROJECT STATUS:

- For implementation under RA 11966: An act providing for the Public-Private Partnership Code of the Philippines
