		₱1,500	₱1,500
<b>Reason/s for Modification</b> Change in physical target was made to include the drainage canal at Poblacion connecting the lined canal project to Brgy. Vinagre for continuity of flow. The same was prioritized to solve the flooding problem during rainy season. The inclusion of the said portion extend its physical target up to the portion of Poblacion, Tigaon. The said extension was done by revising the original design section of lined canal considering the discharge flow from Poblacion lined canal going to Barangay Vinagre.			

Finding the herein request for modification in order, it is respectfully recommended to the Secretary for his consideration and approval.
