Total		P42,000.00	Total		P42,000.00

Justification:

The modification is hereby sought due to the following reasons;

- Increased in physical target and decrease in unit cost is due to the use of stone masonry for ditch canal with parapet wall to be used by the farmers as irrigation canal.
- Adjustment in station limits to fill the gap of the existing drainage and to divert surface run-off and prevent stagnation of water in the area.
- Continuity of the drainage structure is necessary in order to make sure that the water will continuously flow to the outfall.

Attached are the following supporting documents.

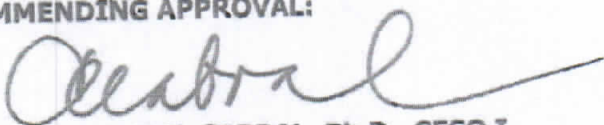

- Certificate of Reasonableness of Cost Estimate, Certificate of Availability of Funds, Program of Works, Detailed Unit Price Analysis, Geotagged Photos, GIS Map, and Detailed Engineering Design

Based on our evaluation, the submitted request for modification of the said project is in order. Hence, the said request is hereby recommended for the Undersecretary's consideration and approval.

NERIE D. BUENO, CESO III
