Type of Work/ Physical Unit Cost Target	Allocation	Type of Work/ Physical Target	Unit Cost	Estimated Cost
CW1- Construction of Flood Mitigation Structure / 820.497 Lineal Meters	₱ 96,500,000.00	CW1- Construction of Flood Mitigation Structure / 1,128 Lineal Meters	₱ 85,549.65 / Lineal Meters	₱ 96,500,000.00 /
EAO –	₱ 3,500, 00 0.00 ,	EAO	_	₱ 3,500,000.00 /
Total:	₱100,000,000,00		Total:	₱100,000,000 . 00.

Change in Station Limits in the Project Description and Increase in physical target for CW1 - Construction of Flood Mitigation Structure from 820.497 Lineal meters to 1,128.000 Lineal meters due to the following:

- The change in station limits is due to the consideration of the actual gaps along the river alignment requiring flood mitigation structures. The gap between Sta. 166+641 and Sta. 166+694 in the right side is due to the hard rock classification of the section, where the construction of flood mitigation structure is not necessary. Moreover, the additional section in the left side is needed in order to protect the properties and vegetable production areas which will be affected from the diverted flow of water from the construction of flood control structure on the right side.
- The decrease in unit cost is due to the revised design of the proposed flood control revetment facility. Based on the derived design discharge from the hydraulic analysis, one of the recommended types of flood mitigation structure to be proposed along the project section is the construction of gabion revetment wall. Utilizing such structure type would be more economical compared to that of the original proposal of reinforced concrete revetment wall.
- The derived unit cost is based on the approved Program of Work (POW) with Detailed Unit Price Analysis (DUPA)

Attached are the following supporting documents: Approved Program of Works (POW) with Detailed Unit Price Analysis (DUPA), Detailed Engineering Design (DED), Certificate of Availability of Funds (CAF), BP 202, Geotagged photos, Hydraulic and Hydrologic Analysis, PIA, Master Plan, Certificate of No Overlapping and GIS Map.

UACS No.: 320101110507000 Project ID: P00823325LZ Regional Office CAR Page 2 of 2

Based on our evaluation, the submitted request for modification of the said project is in order; hence, approval hereof is recommended.

REY PETER B. GILLE, D.M.

Assistant Secretary for Regional Operations in CAR, Regions I, II, IX, X, XI, XII and XIII

RECOMMENDING APPROVAL:

MARIA CATALINA E. CABRAL, Ph.D., CESO I Undersecretary for Planning and PPP Services
