

PROJECT BRIEFER

NORTH LUZON EAST EXPRESSWAY

As of April 25 2025

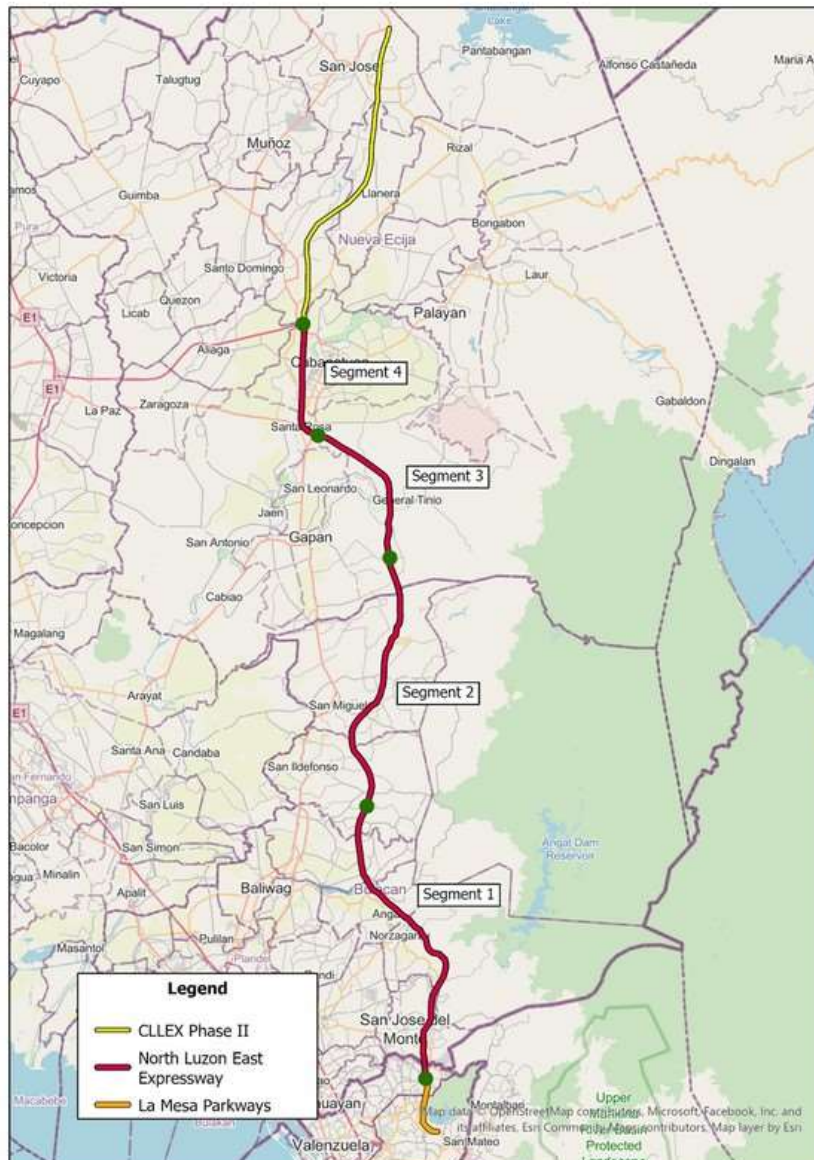

PROJECT DESCRIPTION:

The North Luzon East Expressway (NLEE) project has an estimated length of 92 km and will start at Del Monte-Norzagaray Road in Barangay Bigte, Norzagaray, Bulacan and will terminate at Central Luzon Link Expressway (CLLEX) Phase II at its Cabanatuan Interchange. The project was initially divided into four (4) road segments as follows:

The project is proposed to be a full-access controlled toll expressway with four lanes traversing two (2) cities and seven (7) municipalities along Bulacan and Nueva Ecija Provinces in Central Luzon Region.

SEGMENT	ESTIMATED LENGTH (KM)	JUNCTION	TRAVERSED MUNICIPALITY/CITY
1	31	Bigte-San Miguel-Jct. Biak na Bato Road	Norzagaray, Angat, San Rafael, San Ildefonso, San Miguel
2	31	San Miguel-Jct. Biak na Bato Road-Gapan City-Jct. Fort Magsaysay Road	San Miguel, Gapan, Peñaranda

4	12	Cabanatuan Palayan City Road-Central Luzon Link Expressway (CLLEX Phase II)	Santa Rosa, Cabanatuan
TOTAL	92		

PROJECT ALIGNMENT

PROJECT OBJECTIVES:

- To reduce travel time from three (3) hours to just about one (1) hour from Norzagaray, Bulacan to Cabanatuan, Nueva Ecija.
- To spur provincial and regional economic activities and provide improved and prompt delivery of services to people in the serviced areas
- To enhance transport network and accessibility between provinces and municipalities particularly in North Luzon Region.
- The project's objectives are also geared in promoting gender equality by providing equal treatment to disadvantaged women through their involvement in the project implementation activities such as promoting the employment of destitute women in highway maintenance and the establishment of women's corners.

PROJECT STATUS:

- Ongoing Finalization of Terms of Reference (TOR) and Estimated Budget Cost Estimates (EBC) for the Procurement of Consulting Services for Transaction Advisory Services
