**Negros Oriental 2<sup>nd</sup> District Engineering Office**  
 Sibulan, Negros Oriental

<b>2. Location</b>	San Jose, Negros Oriental Sibulan, Negros Oriental Tanjay City, Negros Oriental Bais City, Negros Oriental
<b>3. Objectives:</b>	By end of the contract period, the Consultant is expected to produce a Geotechnical Report to be used in the preparation of Detailed Engineering Plans. Specifically, it aims to achieve the following undertakings: 1.) Determine the soil profile at the project site as basis for the design; 2.) Identify possible geological and geotechnical hazards and recommend structural and non-structural measures to reduce the effects of these hazards; 3.) Impart knowledge to selected observers from the department the process and analysis of geotechnical investigations.
<b>4. Outputs/ Deliverables:</b>	The following reports shall be presented in legibile manner, all in English language, compiled and submitted to Department of Public Works and Highways - Negros Oriental 2nd District Engineering Office:  a. Geotechnical Investigation Report  After conducting the above test, the following information shall be required in the summary of geotechnical investigation report:  <ul style="list-style-type: none"> <li>- Executive Summary</li> <li>- Objectives and Scope of Work</li> <li>- Vicinity Maps in scale of 1:50,000</li> <li>- Geology and Seismicity</li> <li>- Field Investigation and Methodology</li> <li>- Field and Laboratory Test Results</li> <li>- Borehole Drilling and Sampling</li> <li>- Final Boring Logs (BL)</li> <li>- Final Laboratory Test Results (FLTR)</li> <li>- Borehole Location Plan in scale of 1:250 with coordinates and elevations</li> <li>- Soil Stratigraphy at bridge site</li> <li>- Soil Profile along structures showing boring/drilling logs</li> <li>- Geological and Geotechnical Parameters based on test results</li> <li>- Soil parameters such as unit weight, cohesion/adhesion, modulus of subgrade reaction, negative skin friction</li> <li>- Allowable bearing capacity</li> <li>- RQD</li> <li>- Evaluation and Findings, Conclusion</li> <li>- Recommendations if called for, such as type of proposed countermeasures/structures to address geological/geotechnical problems and foundation type.</li> </ul>

	<p>b.) Other data to be submitted</p> <p>i. Geotagged Photographs</p> <p>Geotagged photographs with coordinates showing the borehole drilling and sampling at each proposed sites shall be taken by the Consultant and form part of the report. The photographs to be taken at each borehole location depicting the following:</p> <ul style="list-style-type: none"><li>- Equipment used</li><li>- Core drilling operation</li><li>- Water level measurements</li><li>- Performance of SPT sampling</li><li>- All cores and SPT sample placed in core boxes</li><li>- Date photographs were taken</li><li>- Location of station</li></ul> <p>ii. Location Map</p> <p>iii. Boring Logs</p> <ul style="list-style-type: none"><li>- Job, boring, hole number, date, time, boring/drilling foreman and supervisor</li><li>- Weather condition</li><li>- Median Grain Size D50</li><li>- Depth of water level</li><li>- Method of penetration and flushing system</li><li>- Description of soil strata encountered</li><li>- Depth of soil boundaries</li><li>- Size, type and depth of in situ test</li><li>- Standard Penetration Tests Resistance, "N" values</li><li>- Detailed notes on boring/drilling procedure, casing sizes and resistance to driving, description of washwater or spoil from boring/drilling tools</li><li>- Depth of boring</li><li>- Other relevant informationsuch as RQD, percent core recovery, etc.</li></ul> <p>iv. Liquefaction Susceptibility Map</p> <p>v. Seismic Hazard Map</p> <p>vi. Final Borehole Log (ASTM and DPWH Standard)</p> <p>c.) Sample Outline of Geotechnical Report as per DPWH DGCS Vol. 2C (see "Terms of Reference")</p>

**Negros Oriental 2<sup>nd</sup> District Engineering Office**  
Sibulan, Negros Oriental

4. The BAC shall draw up the short list of Consulting Firms from those who have submitted Eligibility Documents/Expression of Interest and have been determined as eligible in accordance with the provisions of Republic Act (RA) No. 9184, otherwise known as the "Government Procurement Reform Act," and its Revised Implementing Rules and Regulations (IRR). The short list shall consist of three (3) prospective bidders who will be entitled to submit bids. The criteria and rating system for short listing are:

Experience of the firm	60 pts.
Availability of Required Personnel of the Firm	10 pts.
Workload	30 pts
Total	<u>100 pts.</u>

Eligible bidders must obtain the passing score of **eighty (80) points** to qualify in the shortlist.

5. a) Bidding will be conducted through open competitive bidding procedures using non-discretionary "pass/fail" criterion as specified in the IRR of RA 9184.

Bidding is restricted to Filipino Citizens/Sole Proprietorship, Partnerships, or Organizations with at least sixty percent (60%) interest of outstanding capital stock belonging to citizens of the Philippines.

b) Pursuant to Republic Act 544, An Act to Regulate the Practice of Civil Engineering in the Philippines and DPWH Department Order No. 195 series of 1992, the Procurement and/or employment of **Corporation/Incorporation** for the practice of civil engineering under locally-funded project **is not allowed**.

6. In lieu of the class "A" eligibility documents mentioned under section 8.5.2 of the IRR of RA 9184, the prospective bidder shall only submit a valid and updated PhilGEPS certificate of registration and membership (Platinum) in accordance with section 8.5.2 of the IRR for purposes of determining eligibility. The failure by the prospective bidder to update its certificate with the current and updated class "A" eligibility documents shall result in the automatic suspension of the validity of its PhilGEPS certificate until such time that all the expired class "A" eligibility documents has been updated.
7. The Procuring Entity shall evaluate bids using the Quality Cost Based Evaluation/Selection (QCBE/QCBS) procedure. The Technical and Financial Proposals shall have weights of 65% and 35%, respectively. Only bids whose technical proposals pass the minimum technical evaluation score of Eighty percent (80%) shall have their financial proposal opened and evaluated. The criteria and rating system for the evaluation of bids are provided in the instructions of Bidders.
8. The Contract shall be completed within **Thirty (30) Calendar Days**.
9. The Department of Public Works and Highways reserves the right to reject any all bids, annul the bidding process, or not award the contract at any time prior to contract award, without thereby incurring any liability to the affected bidder or bidders.
