**Justification:**

- Sifflu River does not pass through Brgy. Luna, Quirino, Isabela, hence no Luna Section along Sifflu River, as per Actual Field Validation. As per actual field validation, Luna Section is along the stretch of Mallig River. See attached LGU Certification dated March 28, 2022.
- Change in physical target is due to increase in unit cost attributed by current price of construction materials in the market. Unit cost is based on Approved POW, DUPA, ABC and certification of reasonableness of cost estimate.

Based on our evaluation, the submitted request for modification of the said project is found in order. Hence, the said request is hereby recommended for the Secretary's consideration and approval.
