Justification: Reduction of physical target is due to the increase in thickness of Asphalt from 0.050m to 0.100m.					
Based on our evaluation, the reduction in physical target is justified as the increase in asphalt thickness from 0.050m to 0.100m significantly improves road durability and safety, outweighing the cost implications.					

Based on our evaluation, the submitted request for modification of the said project is in order; hence, approval hereof is recommended.
