Justifications: The allocation of P 57.96 Million is not sufficient to cover the total cost of the original physical target. Hence, change of station limits is requested to prioritize road sections that needs preventive maintenance to prevent further pavement deterioration and to improve pavement surface for a safe and smooth riding quality to the travelling public, thereby decreasing in physical target and consequently increasing the unit cost.					

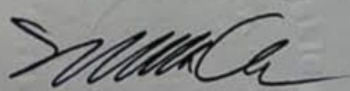

Based on our evaluation, the submitted request for modification of the said project is found in order. Hence, the said request is hereby recommended for the Secretary's consideration and approval.
