Justification:					
<ul style="list-style-type: none">• The change in the station limits is due to the prioritization of sections that need immediate slope protection intervention. Consequently, the decrease in physical target is due to the change in heights of slope protection structures in the final DED plans which requires deeper foundations in order to ensure its stability against settlement.• The unit cost/square meter is considered reasonable for the items of work involved are derived from established DUPA of DPWH and prevailing unit prices of construction materials, labor, and equipment in the locality.					

Based on our evaluation, the submitted request for modification of the said project is in order. Hence, the said request is hereby recommended for Secretary's consideration and approval.
