Justification: 6

The increase in physical target is due the decrease in unit cost which resulted from the change in the design P 25,000.000 requirements that includes the construction of 0.60m x 0.90m lined canal and the sufficiency of fund to cover the construction of drainage system.

EAO

The addition of construction of box culvert to the scope of work also added to the change in physical target. Based on our evaluation, the submitted request for modification of the said project is found in order. Hence,

^p 25,000.000

the said request is hereby recommended for the Secretary's consideration and approval.
