 This Department

This refers to the memorandum dated 27 March 2017 of **DPWH Region II Director MELANIO C. BRIOSOS**, endorsing the request of Quirino District Engineering Office **District Engineer Marifel T. Andes**, for the modification of the project stated hereunder:

Justification: Project modification is requested due to the change of the scope of work of CW2 from Rehabilitation of Asphalt Road to Reconstruction of Asphalt to Concrete. During the Detailed Engineering, only 0.164 lane kilometers (0.082km) of Asphalt Road will be reconstructed while most of the existing road surface will be concreted. Since the two projects are adjacent to each other, clustering of the two projects into one is economical and cost effective management. The station limits were based from the actual survey and RBIA.

Based on our evaluation, the submitted request for modification of the said project is in order; hence, approval hereof is recommended to the Secretary.

EUGENIO R. PIPO, JR.
Assistant Secretary for Luzon Operations
