Project Description					
UACS No. : 310108100814000 Project ID: P00611325LZ OO1: Ensure Safe and Reliable National Road System Asset Preservation - Rehabilitation/ Reconstruction of National Roads with Slips, Slope Collapse, and Landslide - Secondary Roads Baguio - Bontoc Rd - K0379 + 880 - K0380 + 020, K0380 + 917 - K0381 + 000			OO1: Ensure Safe and Reliable National Road System Asset Preservation - Rehabilitation/ Reconstruction of National Roads with Slips, Slope Collapse, and Landslide - Secondary Roads Baguio - Bontoc Rd - K0379 + 880 - K0380 + 020, K0380 + 917 - K0380 + 986

Total:		₱ 160,000.000	Total:		₱ 160,000.000
Justification: <ul style="list-style-type: none">The revised station limit reflects the exact section that requires immediate slope mitigation due to its susceptibility to soil/ rock collapse.The decrease from 8,888.880 square meters to 5,859.000 square meters in the physical target is due to the decrease in length of the structure and the decrease in average slant height from 39 meters to 28 meters based on the result of the stability analysis.					

- The increase in unit cost is due to the design length of 5-meter permanent ground anchors, as recommended in the design analysis. Also, the utilization of the prevailing construction material cost of system components of the Active Protection System contributed to the increase in unit cost thereon causing a deduction in the target area of the proposed slope mitigation.
- The derived unit cost is based on the approved Detailed Unit Price Analysis and Program of Work which consider the lowest canvass cost for high tensile wire mesh, with joint rod, wire rope, rope grips, coupling coil, pin anchors, and cross clips/ anchors.
- See attached Certificate of Reasonableness of Estimates approved by the Regional Director.
- See also the attached evaluation of the Bureau of Construction on the unit cost of the similar type projects.

Based on our evaluation, the submitted request for modification of the said project is in order. Hence, the said request is hereby recommended for Secretary's consideration and approval.
