- Said changes resulted to the decrease in physical target from 14.818 Lane Km to 9.798 Lane Km and consequently increase in unit cost in view of the inclusion of essential items of work necessary for the implementation of the project and in consideration of the effect of the increasing prices of construction materials, equipment rental rates and latest labor rates, copy attached is Certificate of Reasonableness of Cost Estimate for your reference and guidance.
- Attached are the following supporting documents: Form for Evaluation of Modification Request (2023, V1.0); BP 202, Certificate of Availability of Funds; Approved Program of Works; Plan; Geotagged Photos; Certificate of Reasonableness of Cost Estimate, and Location Map

Based on our evaluation, the submitted request for modification of the said project is found in order. Hence, the said request is hereby recommended for the Secretary's consideration and approval.
